### THE GUPTON-VAUGHAN TROUBLE.

There has been so many different reports about a little difficulty that occurred at Greensburg a few days ago, we reproduce the statement published by the Record, in that town, in order that the friends of the parties who were involved may know the facts. The Record's statement is far different from reports that reached here, putting all the blame upon Mr. Vaughan: "Our town was startled Monday morning by breach of peace proceedings in which rocks, a penknife and a Mauser carbine figured prominently in the hands of the most unsuspecting persons. The testimony revealed the fact that the penknife was used in self defense by Clarence Vaughan against D. E. Gupton armed with rocks who was the aggressor. The Mauser was brought forth by John Vaughan when he saw D. E. Gupton following his brother. The younger Gupton was cut on the left shoulder blade and a slight scratch like cut extending from above the left ear down behind the ear and round under the jaw to below the chin. The charges against John Vaughan were not upheld by jury; those against the older Gupton and Clarence Vaughan were dismissed, while David Gupton confessed guilty. The primary cause of the trouble was the night previous when Clarence used language at which David took offense.

### CUMBERLAND COUNTY FAIR.

A great many Adair county people attended the Fair at Burkesville last week, reporting that it was a success in every particular. With the exception of the first day the attendance was large. On Wednesday and Thursday four and six thousand people were upon the grounds. The very best of order prevailed throughout the entire exhibition, and the cordial greetings of old friends brought smiles to many faces. The people of Burkesville and vicinity are known for their hospitality, and upon this occasion the latch string at every door was upon the outside. The residents of Columbia, who were in attendance, are loud in their praises of the people of Burkesville and Cumberland county. The officers of the Association extended many courtesies, and it goes without saying the kind treatment received was highly appreciated. This was the first exhibition for Cumberland county, and its success is a guarantee of an annual show. All honor to this moral exhibition and the instigators of it.

### SHOOTING IN METCALFE COUNTY.

Last Tuesday an old feud between Charley Elmore and Logan Frodge, near the Adair line, in Metcalfe county, was renewed, and Frodge was shot and seriously wounded. It occurred near where liquor is being sold, and it is said Frodge was drunk. He fired twice at Elmore before the fires were returned. Elmore gave himself up, and has secured Mr. Rollin Hurt to defend him.

A very serious accident occurred near Sulphur Spring, Russell county, a few days ago. Larkin Floyd, G. P. Gaskins and Hansford Floyd were running a saw-mill. Something went wrong with the machinery. The engine was stopped and Mr. Floyd made an investigation. Finding the steam gauge out of repair, thinking he had remedied the trouble, the engine was again started. In a few minutes the boiler burst, throwing the engine across the saw-cab, badly scalding four men. The mill cannot be repaired.

The people at the Burkesville Fair were delighted with the music furnished by the Columbia Brass Band. Representatives of Celina, Tenn., who were present tried induced the boys to go to their place and make music for the Fair to be held at that place.

Mr. Collins has a stalk of corn, and as to its length, there is no telling. When Mr. Collins reported it he looked up to the gable of M. Cravens' drug store and said there were two ears on it about that high. He will probably use a ladder in gathering the crop.

There is to be another hardware and grocery store in Columbia. Mr. Brack Masie will stock the room adjoining Mr. Ed Sinclair's wholesale business. He will be ready for business in a few weeks. Mr. T. J. Rasser will conduct the meat department.

The Russell's Creek Baptist Association will convene at Gradyville the 12th of September and will continue in session three days. There is not a more hospitable community in Adair county and all who will attend may expect to be well entertained.

Besides the violators of the internal revenue law, reported in last week's paper, U. S. Marshal Cumfitt made the following arrests: Chas. Bradshaw and Aaron Cravens, colored, Sallie N. Allen, white. They were carried, with three others, to Louisville.

## FOR SUPERINTENDENT OF PUBLIC INSTRUCTION.

E. A. Gullion, of New Castle, Henry County, Announces His Candidacy.

Facts Upon Which He Relies For Support; Former Superintendent and Teacher; Ex-President of Kentucky Educational Association—What Prominent School Men Say.

NEW CASTLE, KY., Aug. 18, 1906.  
To Democratic Voters of Kentucky:  
I am a candidate for Superintendent of Public Instruction in Kentucky, and ask you to nominate me for that most

E. A. GULLION

honorable position at the Democratic primary to be held November 6.

It is proper that I should state some facts about myself in order that Democrats may determine if I am worthy and competent.

THE REFORMATION OF A COUNTY.

The following statement is just received from Carrollton, Ky.:

"To the Democratic Voters of Kentucky: Having learned that E. A. Gullion, a former citizen of our (Carroll) county, is a candidate for Superintendent of Public Instruction, we desire to commend him to your favorable consideration."

"During a term of sixteen years" "Mr. Gullion was Superintendent of Common Schools for Carroll county." "and it is with pride that we say he administered the office with signal ability. He raised the standard of scholarship among teachers; created a public enthusiasm in the cause of education that led to an immense improvement of the schools. Indeed, the schools of Carroll county were placed on such a high plane that we pointed to them with pride, knowing them to be unsurpassed by any other schools. There was a corresponding improvement during his incumbency in houses, furnishings and apparatus. In short, there was substantial improvement in all educational matters—a revival, a reformation!"

"Mr. Gullion has had liberal experience in both teaching and superintending, and is abreast of the times in methods and agencies." "His knowledge of the common school system, as well as of the rights and duties of officers, patrons and pupils, is not merely theoretical, but thoroughly practical." "Withal, he has the power to arouse enthusiasm, being an enthusiast himself in the matter of common school education."

"We were county officers during all or part of the time he was Superintendent and are familiar with his work while in office."

(The above statement is signed by Judge J. A. Donaldson and the other county officials who were then in office; also by the present officers and bankers. Every citizen of that county would sign

it if requested.)

I have taught in schools ranging from the common school in the back woods to the lower classes in one of our leading colleges.

IN THE K. E. A. AND BEFORE LEGISLATURE.

For more than twenty years I have been attending the State Teachers' Association and in 1895 was president of that honorable body. The published proceedings and addresses show that I was active in all movements for the betterment of public schools, originating some of them. This is particularly true as to the agitation for normal schools, longer school terms, better schoolhouses, modern equipment and compulsory attendance. As chairman of a Legislative Committee appointed by the Kentucky Educational Association, I pressed upon the General Assembly divers amendments looking to these ends and procured their passage. I am the author of the plan by which three and four months' schools were abolished, and wrote the amendment that effectuated the plan. The selfsame committee brought about most of the beneficial changes that have been made in the school law in the past fifteen years, the result being a gradual development of the common school system.

### THE END NOT YET.

If nominated I shall be elected, in which event I shall devote whatever time and talent I have to the great cause in which are centered the dearest interests of the children and the Commonwealth. We shall make progress along all the lines indicated, for a brighter era has evidently dawned. It shall be my highest and most cherished ambition to foster and develop the State's normal schools until they shall be adequate for all and good enough for the best-unsurpassed by those of any other State. To better correlate common schools with high schools and high schools with colleges, so as to unify our entire educational system, will also be a matter for my best thought and effort.

WHAT SOME ABLE SCHOOL MEN SAY.

Many prominent school men have written to me, some urging me to become a candidate, others endorsing my candidacy. From the mass I select a few expressions.

Supt. M. A. Cassidy, Lexington City Schools: "You are worthy and well qualified; you have been an enthusiastic public school man ever since you became a man; you would know how to meet the problems of elementary and secondary education as few other men could; and, above all, you would know how to get on with school officers and teachers. You may quote me anywhere as being for you first and last and all the time."

Hon. Jas. H. Fuqua, Superintendent of Public Instruction: "During your term of service as Superintendent of Carroll county you brought your schools to the highest degree of excellence."

Prof. C. A. Leonard, Supt., Cincinnati schools: "I hope you will announce at once and make a thorough canvass of the State; I shall work for you."

Prof. W. H. Bartholomew, Principal Girls' High School, Louisville: "A friend of public instruction when the cause needed friends, Gullion merits the honor of the Superintendency."

Pres. Jas. K. Patterson, State College, Lexington: "Without disparagement to any other public man who has labored for the development of the educational and material interests of the Commonwealth, I say without reserve that I know of no man who has done better work than yourself."

Prof. R. M. Shipp, Supt., Winchester schools: "I shall do my best for you wherever I go; although I do not know you personally, I know from your reputation that you are worthy and capable. I have no axe to grind."

Supt. E. W. Weaver, formerly of Bellevue and Paris schools, now of Brooklyn, N. Y.: "You are the best, most enthusiastic and most practical school superintendent I have known. A strong point in your favor is that you have come from the ground up."

Prof. J. T. Gaines, Principal, etc., Louisville: "You are a member of the Old Guard. Your service as a worker for better education of the masses has been unflagging and continuous. You have in my opinion the exact record and experience that best fit the man who ought to be chosen at this time."

Prof. R. H. Carothers, formerly principal of Male High School, Louisville: "I have long considered you one of the hardest workers and most efficient advocates of good schools. We are now, after a vigorous campaign of more than 20 years, realizing the fruits of these efforts in the establishment of the State Normal schools."

The statements herein are not prompted by a vainglorious spirit, but are intended to show, and do show, I submit, that my experience has been such as to give me peculiar fitness for the most honorable office the people can bestow, the State Superintendency. The best commanders usually come up from the trenches.

Respectfully,

E. A. GULLION.

The death at Bowling Green last week of Mr. E. C. Cooksey, for many years connected with the newspapers of Bowling Green and Louisville, removes from Kentucky newspaperdom one of the brightest minds and readiest pens that has been connected with the fraternity in the State in a generation. Mr. Cooksey, although yet under forty, was a victim of consumption, and for more than ten years had been afflicted with the disease. Many men would long ago have given up the fight and laid down to die, but Euc. Cooksey was made of gamier stuff, and fought bravely to prolong a life that was sweet to him and a pleasure to those who knew him. He is survived by a young wife, who will have the tenderest sympathy of everyone who ever had the pleasure of her husband's acquaintance.—Glasgow Times.

### BRYAN AND THE CONVENTION.

There is no longer any question that Bryan's "Southern reception," planned by Louisville Democrats, will be as Southern as it will be successful. Responses received from practically every Southern State, insure the presence of the great majority of Southern Governors and Senators, while Southern Congressmen, National Committee-men, district and county leaders promise to be "too numerous for mention," Louisville will furnish her full quota, and the Democracy of Kentucky will send representative delegations from every county. Next to Mr. Bryan's New York reception there will be no meeting in his honor comparable in numbers, eloquence or enthusiasm to that which Louisville has made possible, nor will there be any other convention hall to compare with that of the First Regiment Armory, which has equipped Louisville for the entertainment of the largest conventions to which politics, religion or business can give rise.

Louisville is glad to have Mr. Bryan and all the Democrats his coming will attract, but it will not be content with one visit. Louisville wants the next Democratic National Convention, and there is no better time or means for securing it than the occasion Mr. Bryan's reception will furnish. The Democrats of Louisville have paved the way. The press and the commercial organizations of Louisville must do the rest.—Louisville Times.

### A BIG WHEAT FIELD.

Oklahoma farmers certainly farm on a large scale. A dispatch from Bliss, Okla., tells something about the harvesting of the wheat crop on "ranch 101" This ranch contains 70,000 acres. This year 9,000 acres were in wheat; which is expected to yield 175,000 bushels. When this crop was ready to cut, forty six harvesters, each cutting a swath six feet wide, were put to work. Some of these swaths were a mile long. Six threshing machines were set going following the harvesters. About 500 mules are used in this harvest and a perfect army of hands, who eat and sleep on the fields.

### Critically Ill.

Many people are critically ill, as a result of disturbance of their digestive functions, and don't know it. It you are suffering from dizziness, heartburn, wind, loss of appetite, irritability, headache, nausea, colic, constipation, waste no time, but take Dr. Caldwell's (taxative) Syrup Pepsin. It may be the means of warding off a dangerous sickness. At any rate, it will surely make your distressing, dyspeptic symptoms disappear. It is safe, certain, and pleasant. Try it. Sold by Dr. J. N. Page, Columbia, and Page and Moore, Cave Valley, at 50c and \$1.00. Money back if it fails.

There has never been much prospect of the Republicans being able to hold their 1904 gains in Missouri, but since Secretary Shaw has taken the stump there, it is a cinch for the Democrats. If President Roosevelt will keep him on the stump in the doubtful states and congressional districts, it will be a god send for the country in two ways, for, it will keep Shaw away from the United States Treasury, where he would be constantly siphoning in the interest of the Rockefeller banks, and will ensure a large number of Republicans voting the Democratic ticket.

## The Adair County News.

Published Every Wednesday

BY THE

Adair County News Company.  
INCORPORATED.

CHAS. S. HARRIS - EDITOR.

Democratic newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Postoffice as second-class mail matter.

WED., SEPT. 5, 1906.

The reception to William J. Bryan in Madison square Garden, New York, was such as has been rarely, if ever, accorded to a private citizen in the history of the United States. The garden was packed with 20,000 people, and the streets and avenues outside were choked for blocks with other thousands who had gathered to see the distinguished Nebraskan. Mr. Bryan upon his entry to the hall was cheered for eight minutes. His address was preceded by speeches by Gov. Folk, of Missouri; Mayor Tom L. Johnson, of Cleveland, and Augustus Thomas, of New York. Mr. Bryan's speech was more than one hour in duration, and touched largely on political issues.

The Executive Committee of the State Development Association met in Louisville Monday and set October 10, 11 and 12, as the time for the Fifth State Development convention at Winchester. Active preparations have begun in Winchester for the Convention and will be pushed from now until the meeting in October. It promises to be the largest and most important gathering of the year in the State. A plan for a permanent organization will be presented the convention for adoption, which it is believed will make the Association a stronger organization and give it greater power toward carrying out its objects.

The Democratic Executive Committee of the 11th Congressional district of Kentucky, is called to meet at Barbourville, Ky., on Saturday, September 8, 1906, to determine the time, manner and place of nominating a Democratic candidate for Congress to be voted for at the regular November election, 1906.

J. F. HAWN, Chairman.

Politics is discussed in Columbia from early in the forenoon until bed time. It is Beckham and McCreary, Hager and Hays and Gullion and Winfrey. Each candidate has his followers and each supporter claims that his man will win in the primary.

The Elizabethtown News puts it about right when it says: The Louisville Herald in a recent editorial gave the Republican party credit for the big crops this year. Since the Republican party started going to the devil it has left God out of all its calculations.

Hon. James N. Kehoe has been nominated by the Democrats for Congress in the Covington district. He has heretofore served three terms in Congress.

The indications are that there will be no joint discussions between Gov. Beckham and Senator McCreary. They have met, and the meeting was cordial, but both agreed that on account of close Congressional contests, it was best not to debate at this time.

Louisville is making an effort for the next National Democratic Convention, and the Committee thinks it will knock the plum. Twenty-five National Committeemen have already expressed a preference for Louisville.

Several of the insurgent leaders of Cuba have surrendered, but but the situation remains serious. Revolutionary sentiment is said to grow stronger daily.

A real estate trust company in Philadelphia failed for \$7,000,000. The President of the concern has gone dead.

The Republicans of the First district have decided not to nominate a candidate for Congress to oppose Ollie James.

Nashville has taken in her suburbs and now has a population of 160,000.

The total number of deaths from the San Francisco earthquake is 452.

### GRADYVILLE.

Mr. H. C. Walker and family leave in a few days for Gallion, Ala., where they will make their future home. We regret very much that they are to leave our town and their absence will be felt in the church and Sunday school and in the community at large. That Mr. Walker has been one of the best business men of this county is assurance that he will be successful anywhere he may go and in whatever business he may engage. The best wishes of their many friends attend them.

Mrs. Moss, wife of Mr. Neeze Moss, of Bazil community, died on the 25th with consumption. She was a Christian woman and bore affliction for several years with great fortitude. A husband and several children are left to mourn their loss. The funeral was preached by Rev. Wright to a large congregation and her remains interred in the family burying ground.

W. M. Wilmore sold last week to Charles Herfford, two mules, for \$140. L. M. Wilmore sold his Peacock to a party at Elkhorn for \$85. Curt Yarberry bought one two year-year-old mule from Chapman browning, for \$125. C. S. Bell bought a nice bunch of cattle from Curt Yarberry, to be delivered the last of October at 3 cents per pound.

The revival services conducted by Rev. G. Y. Wilson closed last Friday night. During its progress Bro. Wilson preached many interesting discourses and we are sure that this community and church have been made better by his preaching.

D. C. Wheeler sold last week a span of two good year old mules for \$325. Your reporter failed to secure the name of the purchaser.

The Russell creek association will meet here the 12 of September continuing three days. We are looking forward to a good time as well as a large attendance. It goes without saying that everybody is invited to attend.

"Uncle" Rich Breeding, of Breeding, one of the oldest citizens in Adair county, attended the Quarterly meeting here. We are glad to note that he is looking well and is enjoying health.

G. E. Nell sold his house and lot to Sam Walkup for \$400. Mr. Walkup and family will move to our town at once as Mr. Nell and wife will go to New Mexico.

J. A. Diddle bought at the Columbia Fair several mule colts. For two extra good ones he paid \$100 each.

Mr. and Mrs. Rollins, of Campbellsville, spent several days visiting Mr. and Mrs. James Helm, of our community.

The quarterly meeting was well attended, the presiding Elder, Rev. Hines, delivering very able discourses.

W. M. Smith & son, tobacco producers of this section, have cut the larger part of their crop, and it is said to be fine.

R. L. Davis and family, of Portland, have been visiting relatives here.

Mr. Harris, of Russell county, spent a few days visiting the family of Mr. Thomas Gowen.

Our farmers are complaining a great deal of the over production of tobacco worms.

Dr. S. A. Taylor has returned from Sulphur Well.

Miss Mary Triplett, of Columbia, was the guest of Miss Mollie Flowers last week.

Our market has been well supplied with peaches for the past month.

### MONTPELIER.

Mr. Chas. Murrah is building an addition to his dwelling, which makes quite an improvement in its appearance.

Miss Stella Jones has been on the sick list for the last week.

Misses Cordia and Jessie Taylor visited their sister, Mrs. W. H. McCaffree, and attended the Teacher's Association at Cane Valley last Saturday.

Miss Vie Murrah, who is teaching at Cyclone, was at home Saturday and Sunday.

Miss Gertie Murrah was the guest of the Misses Taylor last Sunday night.

Mr. Stephenson, of the Cumberland river section, was here buying cattle last week.

Miss Miranda Williams was a pleasant visitor of the Misses Murrah last Saturday.

Mr. F. E. Bradshaw, who is doing business in the Burnside bank, was visiting his parents during the Fair.

We are ready to buy all kinds of merchantable timber in the log on our yard in Columbia. The mill will be cutting in a few days. Standard Hardwood Lumber Co. See W. D. FRAZIER or WALKER BRYANT. 39-41.

ADAIR EXHIBITORS AT BURKESVILLE.

The Adair County handlers of fine stock were very successful at the Burkesville Fair. The following is the record made:

Coffey Bros. and Young with their fancy string of horses, made eighteen shows, and were awarded fifteen blues, one red and two whites.

It has been impossible for us to get the record made by Mr. W. L. Grady, but we are informed that he won in quite a number of rings and that his stock was highly complimented.

Lem Smyth was awarded first money in the saddle ring, his brown mare being entered. The second money was given to Plato Wade.

A three-year old saddle mare, owned by Plato Wade, carried off three blues. Mr. Wade also won in all the mule races.

Perhaps no horse exhibited at Burkesville attracted more attention than Coffey Bros., & Young's gray gelding. The horse was sick at Columbia and was not in the ring, but at Burkesville he was in the pink of condition. He won in a hotly contested combination ring, mare or gelding, any age, over seven good ones.

JOHN L. LAPSLEY.

The subject of this notice died at his late home in Russell county, six miles this side of Jamestown, last Saturday morning. Had he lived until October he would have been 87 years old. He was a devout Christian, having been a member of the Baptist Church for many years. He was regarded as one of the best citizens of Russell county, and many friends attended the funeral. The sermon was preached by Rev. Chas. Deemer.

## FONETIC SPELLING.

Col. J. N. Coffey is very much pleased with the Presidents order in regard to phonetic spelling by the Government employees, and has written him the following letter.

COLUMBIA, AUGUST 28, 1906

Mr. Roosevelt,

Dear Sir:

I see that you have ordered all the heads of departments to use the fonetic spelling, and since that have extended the order so as to embrace the lower departments. I always considered you to be a great man, and now I no longer.

Nothing as I do that so far of the people in the government service Kan spel akording to Webster, I regard it as a great favor to excuse them from korekt spelling.

Now while I am riting to u, I will tel u about my korn kob pipe made out of a kob that grew on my Meawow Lawn farm down on Big Creek with a kane stem from the same place. I have used this pipe for about tu yers.

In that time it has traveled over much of the grate southwest. It has ben Karried and smoked by me on about ate trips to Oklahoma, and tu or three to Texas and back, and one to old Mexico. It has kept me Kompany and quieted my trubled mind amid many stiring senes and incidents of my travels from my home to the land of the Montizomas. When grate statesmen and ralerode magnates have saut solace in their Havanas I have found mine in whifing my old kob pipe. If you will kum down to Columbia to the Konference of the United Brethren church, I will present u with one of the same kind. I no it will b better for your heith than those complicated kind of segars u r now smoking at the big functions u r attending. Kum out and get some fresh Kuntry r, and se the Kuntry people, it will do u good. Rite and let me no if u Kan Kum.

Yours truly,

Kernal J. N. COFFEY

FANCY HORSES.

Our people will remember the beautiful road horse owned by Mr. W. M. Dodd, of Hustonville, and handled at the Columbia Fair by Coffey Bros. & Young, of this place. After he had won several blue ties here he was carried to Burkesville, where he was equally as successful, winning every ring in which he entered. Dealers of fancy animals were attracted to this horse, and Mr. Dodd was finally induced to accept \$500 from Mr. W. L. Grady, of this county, for him. This splendid animal is by Gaulton Wilkes, he is by Gambetta Wilkes, the sire, being owned by Mr. Dodd, and he is proving himself to be one of the best harness horse breeders in Kentucky. This celebrated roadster is now being exhibited at Somerset by W. L. Grady, and his success at that Fair is assured. At Columbia and Burkesville Mr. Dodd by Jo Coffey, exhibited a span of handsome sorrel geldings nine times, winning each ring. This is a record that the owner of these fancy horses can justly feel proud.

GREEN RIVER FARM FOR SALE.

Mr. W. L. Grady's stock has been highly complimented by the Somerset papers and the Monticello paper, and his friends here expect him to return with many blues tied to his horses.

## STAPP-HATCHER.

Mr. W. E. Stapp and Miss Frances Hatcher, both of this county, were married at Birdtown, Tenn., on Saturday the 25th ult., returning Tuesday following. They are now visiting relatives, and will decide in a few days their permanent location. The groom is a brother of Mr. J. S. Stapp, proprietor of the Spectator, and the bride is a daughter of Mr. and Mrs. Selden Hatcher. We extend our congratulations, trusting unalloyed happiness will be theirs through life.

Mrs. Mary Harvey informs the News that when she opened School in West Columbia, two months ago, thirteen little children, who had never been in school, entered. They were started in the Primer, and at this time they can read and write every story contained in the first reader. This is remarkable progress, a recommendation for the teacher. The advancement is also quite a compliment to the children, showing that they have excellent minds.

At the Baptist church near Ellisburg, Casey county, while services were in progress, Bud Lynn attempted to raise trouble and when Constable Joe McWilliams called him down, Lynn shot at him, the ball grazing his arm. McWilliams returned the fire and struck Lynn twice in the arm and once in the side. Dr. Murphy extracted the ball from his side and thinks he is not dangerous by hurt. Lynn is said to have been under the influence of whiskey.

Dr. A. L. Whitfield preached two interesting sermons at the Presbyterian Church last Sunday forenoon and evening. His own members were especially pleased with him, and hearers of other denominations spoke of his discourses in the most complimentary way. He will fill the pulpit every other Sunday the remainder of this year.

Squire W. B. Yates met with quite a painful accident a few days ago. He was in the woods with a crew of men, cutting timber when a rolling log struck him, inflicting several painful bruises. The same afternoon the Squire forgot his wounds and killed a very large rattlesnake. It measured 45 feet in length and 15 inches in circumference.

## LOW RATES FOR THE STATE FAIR.

### Railroads Fix One Fare for the Round Trip.

Many Varied Attractions Provided for State Fair, Week September 17, 18, 19, 20, 21, 22.

### Trotters and Runners Will Race Each Day.

Surpassing Exhibition of Horseflesh, Cattle, Sheep and Swine—Woman's Department a Joy to Housewives—\$25,000 in Premiums and Purse.

Railroad rates for the State Fair have been fixed at one fare plus 25c for the round trip from all points in Kentucky and in Southern Indiana. With nine railroads running into the city of Louisville, where the fair will be held during the week of September 17-22, one hundred passenger trains daily will carry thousands to the metropolis of Kentucky. In addition many special trains will be run in order to accommodate those who wish to visit the fair for a single day only. There is no part of the State of Kentucky from which Louisville cannot be reached in a reasonable time. From the western part of the State, the Henderson & Illinois Central railroads will furnish ample accommodations, and in the southern part, the L. & N. will bring thousands while from the central and eastern sections, the C. & O., Southern and L. & N. will bring the crowds.

Once in Louisville, ample amusement will be provided for every visitor well entertained and amused during his stay whether it be for a day or during the entire week. Of course, the fair itself will be the center of interest, and there so many free attractions have been arranged for that the whole time can be spent enjoying and profitably without seeking other recreation. Each of the men having the different departments in hand is thoroughly qualified by long years of experience to give the best possible service to the visitor. The fair is the center of interest, and there so many free attractions have been arranged for that the whole time can be spent enjoying and profitably without seeking other recreation.

The fair is the center of interest, and there so many free attractions have been arranged for that the whole time can be spent enjoying and profitably without seeking other recreation. Each of the men having the different departments in hand is thoroughly qualified by long years of experience to give the best possible service to the visitor. The fair is the center of interest, and there so many free attractions have been arranged for that the whole time can be spent enjoying and profitably without seeking other recreation.

### Varied Attractions.

Visitors in the city during the week can enjoy the many varied attractions at night. They can go to the fair and enjoy a concert by one of the most famous musical organizations in the United States. They can go over the grounds and take in the carnival shows or can sit in the Palm Garden and enjoy the music while they chat over pleasures of the day with their friends and renew their acquaintance with Kentuckians from other parts of the State. The social feature of the fair will undoubtedly prove one of its most attractive points, and as the years go on the State Fair will become more and more a meeting ground for Kentuckians from all sections of the commonwealth where they can see what the other parts of the State are doing, and exchange ideas of mutual benefit. The State Fair is the place to meet your friends and enjoy a few days' outing. It comes at a season of

the year when the farmer and stock raiser can best afford to have their horses for a few days, and thousands will take advantage of the low rates in order to be there.

When the exhibits of horseflesh, cattle and swine in the morning and the races in the afternoon have been sufficient for the day at the fair, the visitor can find other forms of recreation and amusement in the five theaters in Louisville or at any one of the several parks about the city. At Macaulay's Theater, they can find high class drama, at the Masonic, enjoy a musical comedy, at the Avenue a thrill melodrama, or at Hopkins', refined vaudeville.

### Classes Well Filled.

Practically every class for which prize money has been offered has been well filled and the leading stock raisers of the State will be there to show their horses, their cattle, their sheep and their hogs. The exhibits of horse flesh will undoubtedly surpass anything ever before seen at the State Fair in Kentucky, and will excel even those of the well established State Fairs of Ohio, Indiana and Illinois. The fact that only one week intervenes between the fair and the Louisville Horse Show has added many entries in the horse division. The classes for the high steppers, roadsters and both three and five gaited saddle horses have many entries that will be shown at the Louisville Horse Show. The light harness horse and plantation saddle classes, which are exhibited only at fairs in Kentucky, have likewise been well filled.

In many of the saddle rings as many as twenty entries have been received. This is especially true of the five gaited saddlers, and many other entries are expected before the ribbons are tied. In the beef cattle division entries will come from Missouri, Ohio and Indiana to compete with Kentucky stock raisers, and it is predicted that the Shorthorn and other beef cattle classes will surprise even those who have been regular attendants at fairs. The Overton Farm, near Nashville, Tenn., will send its entire herd of Jerseys, considered the greatest that has ever been furnished in this country. It will include Brookhill Fox, the champion Jersey bull of England. The judges selected for all the classes have been chosen with the greatest care. They are men not only qualified to pass upon merits of the entries but also men who are absolutely unbiased, and whose judgment would be readily accepted by both winners and losers alike.

### Carnival Shows.

The carnival shows at the State Fair will be furnished by the J. Frank Hatch, one of the best showmen in the country. He has been seen at the State Fairs in Ohio and Indiana, where it has been his custom to display his animals. With the carnival organization will come two other attractions which will be free to all patrons of the fair.

The free attraction will be the high diving performance of Harry Siz, who plunges head foremost, blindfolded, from the top of a ladder 110 feet above the ground into a small tank containing but three and a half feet of water. The dive made by Siz is as high as that usually done by any of the high divers, and his diving in making the leap blindfolded has never before been approached by any other performer. The second free attraction will be the trapeze performance of Zeno. The performance will be given in the front of the grand stand twice during the afternoon, and is said to be as sensational in its way as the diving of Harry Siz.

The carnival shows will be located on the plot of ground to the left of the main entrance and north of the band stand, known as concert lawn. Music will be played throughout the afternoon and evening by the company's band of twenty-five musicians. The first performance will be given Monday evening, September 17, and thereafter each afternoon and evening of the fair.

The feature of the carnival shows is the trained animal exhibition, said to be the most elaborate performance of the kind ever put on by any street fair of combination of shows. The animals are put through a series of most venomous feats, and this show has never failed to score a pronounced success wherever the Hatch Shows have appeared.

### First Automobile Built in 1769.

The automobile seems to have been born in the form of an idea, in the year 1769, when a Glasgow inventor threw out the suggestion that the steam engine—then a very crude, low-pressure affair—might be applied to the motive of wheeled vehicles. This student afterwards achieved fame as Dr. Robinson, professor of natural philosophy in the university of Edinburgh. The inventor Nicholas Joseph Cugnot, a French engineer, built the first automobile. The machine was a three-wheeled affair and its course

was quickly run, for on its second or third trip it turned a corner too fast and toppled over with a crash. The city officials of Paris refused to permit Cugnot to repair his machine. To keep it from harming any one they locked it up in a church and there it stayed for some years.—Technical World.

If Wellman gets to the north pole about the time Teddy steps on the equator, maybe the old thing can wobble along.

### Doctors are Puzzled.

The remarkable recovery of Kenneth McIvor, of Vaceporo, Mo., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the Throat, and congestion of the Lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst Coughs and Colds, Bronchitis, Tonsillitis, Weak Lungs, Hoarseness and Laryngitis. Guaranteed at T. E. Paul's drug store. 50c and \$1. Trial bottle free.

### HEN RIDES HORSEBACK.

It has remained for Boyd County to produce the most remarkable hen in Kentucky, if not the entire country, the bird being an equestrienne of such pronounced ability as to seriously jeopardize the life of a valuable horse. The hen is owned by John B. Stout, who lives in Lexington avenue. Two years ago he got a number of Plymouth Rock chickens, among them being a pullet.

She at once took up with the horses, chiding from the same trough, and finally learned to ride Mr. Stout's buggy horse. The animal became accustomed to his unusual rider and could never be got out of a jog. Yesterday Fred Vemilion drove his fine harness horse in, from the country and stabled the animal at Stout's. Late in the afternoon, when he went to get him, the hen was found perched on the back of the horse and riding in a circle as though she enjoyed it. The animal was nearly dead, as he had been whizzing around the lot at a high speed for hours. Although a hen, she is strictly fashionable, rides astride, and the horses never go too fast for her.

### How to Live.

Life, after all, is never very happy if a person is constantly sick. "How to live" is large a question of "how to be well." The answer to both is, keep your main health communication—stomach, liver and bowels—in good order with Dr. Caldwell's (taxative) Syrup Pepsin. It is a reliable, safe and pleasant cure for headache, constipation, colic and all symptoms of the digestive trouble. Sold by Dr. J. N. Page, Columbia, and Page and Moore, Cane Valley, at 50c and \$1.00. Money back if it fails.

### NON-COMMITAL.

Two gentlemen were traveling in one of the hill counties of Kentucky bound on an exploration for pitch pine. They had been driving for two hours without encountering a human being, when they came in sight of a cabin in a clearing. It was very still. The hogs lay where they had fallen, the thin clay bank mule grazed round and round in a neat circle to save the trouble of walking, and one lean, lank man, whose garments were the color of the clay-bank mule, leaned against a tree and let the time roll by.

"Wonder if he can speak?" said one traveler to the other. "Try him," said his companion.

The two approached the man,

"Howdy," remarked the Southerner languidly. "Pleasant country." "Fur them that likes it." "Lived here all your life?" The Southerner spat pensively in the dust. "Not yet," he said.—[Reader.

### Hard To Find.

It would be hard to find a more perfect, curative medicine for disordered digestive organs than that gentle tonic, digestive, and torpid liver regulator, known as Dr. Caldwell's (taxative) Syrup Pepsin. No other medicine has its specific power over these delicate and important organs of your body, upon which you have to depend for energy to carry on your daily work. It cleanses, digests, stimulates and cures. Sold by Dr. J. N. Page, Columbia, and Page and Moore, Cane Valley, at 50c and \$1.00. Money back if it fails.

## TYPHOID FEVER.

CIRCULAR ISSUED BY THE STATE  
BOARD OF HEALTH OF KEN-  
TUCKY.

(Continued from last week)

2. A solution of chloride of lime, eight ounces to the gallon of water, should be provided in quantity, and a quart of this should be put in the bedpan or vessel each time before it receives the discharges, and should be well stirred and allowed to stand in the vessel at least an hour before it is buried. An equivalent solution of creolin, or a thick white-wash made from the fresh quicklime, may be used in the same way when the chloride of lime can not be obtained, but with these at least two hours will be required to complete the disinfection.

3. Soiled bed or body linen should remain in the chloride of lime solution for an hour, and may then be safely put in the family wash. Soiled paper or clothes used about the patient should be immediately burned. Attendants should wash the hands frequently, and the lips, and rinse the mouth always before eating. No one should partake of any food which has stood in the sick room. All of these precautions should be continued until the recovery is complete and until all diarrhoea has ceased.

4. Typhoid fever is not contagious in the sense commonly understood, and if the precautions above indicated are faithfully and intelligently carried out, a case may be treated in any family or community with perfect safety. If others have the disease, it will be because they were infected from the same source as the patient, or contracted it elsewhere. The same precautions should be observed in dysentery and all other diarrheal diseases, including summer complaint in children.

5. All well water and unfiltered water from rivers draining in habited areas, where typhoid fever and diarrheal diseases are likely to occur at any time, and milk stored in cans or vessels washed in such water should be looked upon as suspicious, and should always be boiled before it is drunk by any one not immune from typhoid fever. In the absence of a reliable, filtered, public water supply, carefully collected and properly stored, cistern water is safest.

6. The windows and doors of all dwelling houses, and especially of the kitchen and dining room, should always be well screened, and the flies actually kept out. Unless this is done, a carelessly managed case of typhoid fever, or other diarrheal disease, even a mile or more away, may be a source of danger on account of flies. As mosquitoes are now known to be the carriers of malaria, the same precautions will protect from this poison also.

The universal and effectual practice of these precautions would require intelligent care and some expense, but would result in the practical disappearance of one of our most common and fatal domestic pestilences, which is not only a disgrace to our civil-

ization, but an annual scourge and tax upon the people of Kentucky in comparison with which yellow fever and cholera, plague and other exotic diseases so feared by our people sink into insignificance.

Copies of this circular, and of others in regard to the prevention of consumption, diphtheria and scarlet fever, may be had by any one for free distribution upon application to the Board at Bowling Green.

By order of the Board.

J. M. MATTHEWS, M. D., Pres.  
J. N. MCCORMACK, M. D., Sec.

## WILL IN OLD BIBLE.

BUYS TEXT; FINDS SELF THE ONLY HEIR.

Malvern, Pa., Woman Secures Book for a Few Cents, as Memento, and Valuable Paper Slips from Between the Pages.

Philadelphia.—Under curious circumstances Miss Bertha Johnson, of Malvern, this state, has discovered that she is the sole heiress to an estate amounting to over \$10,000, which had been left by her aged cousin, Mrs. Emily Robinson. Incidentally the story is one of disappointed relatives who had expected to obtain Mrs. Robinson's fortune, and a reward for Miss Johnson for a life spent in loving care of her cousin.

When, a score of years ago, Mrs. Robinson's husband died, she was thought to be a widow with scarcely sufficient property to provide her support. She had several nephews and nieces, who, although they were better supplied with worldly goods than Mrs. Robinson, failed to offer her a home, or give her any financial aid. Miss Johnson, who was a more distant relative, had been left a home by the death of her father and she promptly offered to share it with Mrs. Robinson, which the latter accepted.

It was not long after this that a valuable limestone quarry was found on some supposedly worthless land which belonged to Mrs. Robinson. This was sold and the widow and her kind-hearted cousin were enabled to move to a new home, and keep the wolf from their door from the proceeds.

About a year ago Mrs. Robinson died. A search was made of her effects with out discovering a will, and one of the nephews who had failed to aid her in her time of need was appointed to administer the estate. Preparations were made to divide her property among the nephews and nieces to the exclusion of Miss Johnson.

To finally close the estate, the widow's few articles of personal property were offered at public sale this week. Determined to have some keepsake of her cousin, Miss Johnson attended the sale. At last the old Bible with which Mrs. Robertson had spent many comforting moments in her declining years was put up. The bidding was started but no one seemed anxious to acquire the volume, and Miss Johnson secured the well-worn book for a few cents. The auctioneer handed it down to her, and as he did so, a neatly folded paper fell from it. Opening it Miss Johnson found it to a will, duly signed and witnessed, by the terms of which Mrs. Robinson had left her entire estate to her benefactor.

The nearer relatives consulted counsel in an endeavor to have the will broken, but without success.

## Escaped Death.

It is not an uncommon experience for us to get a letter describing how the writer escaped death by taking Dr. Caldwell's (taxative) Syrup Pepsin for some violent and dangerous stomach or bowel inflammation. The gentle, soothing, curative, purificative action of this pleasant syrup is without any equal in the science of medicine. Sold by Dr. J. N. Page, Columbia, and Page and Moore, Cane Valley, at 50c and \$1.00 Money back if it fails.

## Torture by Savages.

Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the kidneys, says W. M. Sherman, of Cushing, Me. "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me."

Cures Liver Complaint, Dyspepsia, Blood Disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by T. E. Paull, druggist Price 50c.

E. M. Burton was held over for killing James Dooley, his bond being fixed at three thousand dollars, which the accused readily gave.

Next Friday night will be the regular election of officers in Columbia Chapter, No. 7, Royal Arch Masons. All Companions are urgently requested to be present.

The Standard Lumber Company, of Buffalo, New York, will start their mill here the first of next week. There are at this time between three and four hundred logs on the yard. Logs are arriving at the rate of twenty-five per day. This is a great enterprise and will pay out many thousands of dollars to Adair county.

Six months ago we heard that nearly all the best timber in Adair county had been cut. For four weeks, logs, at the rate of twenty-five or thirty per day, have been hauled through town en route to the mills located this side of the bridge. Mill men, who have recently been over the county, say there is yet an abundance of timber.

Mr. S. D. Barbee returned from Elida, New Mexico, last Saturday night. He filed a claim and perhaps has purchased three lots and a dwelling. Mr. R. M. Grissom being his partner in this transaction. He thinks the territory around Elida, when developed, will be a good farming country. The crops last year were reasonably good, but this year they are short. He says with one or two exceptions the Adair County people are satisfied.

It should be very gratifying to the management of the Burkesville Fair and the people of Cumberland county generally, to know that everybody from this section speak in the highest terms of the very excellent order that prevailed during the entire exhibition. It is rarely the case that in a crowd of five or six thousand people there are not some disturbances, but at Burkesville Fair everything was serene from start to finish.
